The Approach

What was the scope of their involvement?

My secretary communicates with Designo Graphy Canada regarding the details of our website. One of the team's goals is to build a professional website that will help us attract users through its design. We continue to work with them because when we deleted our Google Ads, we have also lost access to our site's backend. We're now waiting for them to give us the code of our website.

What is the team composition?

We're only working with one person.

How did you come to work with Designo Graphy Canada?

A friend of mine opened his business and Designo Graphy Canada worked for them. The team did a good job and my friend was happy with their deliverables. Above all, they offered a good price.

How much have you invested with them?

We've spent \$1,000.

What is the status of this engagement?

We started working together in May 2021, and we continue to collaborate.

The Outcome

What evidence can you share that demonstrates the impact of the engagement?

With Designo Graphy Canada's work, our customers have given us good reviews. On top of that, our customers have told us that they're very impressed with our platform.

How did Designo Graphy Canada perform from a project management standpoint?

They have a perfect project management process. Whenever I call them, they always pick up the phone. If they're doing something else, they call me back as soon as they're available.

What did you find most impressive about them?

Designo Graphy Canada is helpful and reliable.

Are there any areas they could improve?

They just need to keep improving to keep their customers happy.

Do you have any advice for potential customers?

I'm quite satisfied with our partnership. We've worked together before, so if you're going to collaborate with them, you'll be happy too.
